**A-A815-2	-	225.50			

** We regret that we again have to change the size of our front struts due to inability in purchasing the size we have been using since 1979. This new size will also be interchangeable with either of the previous sizes manufactured, but will weigh a little less than the last one. New size strut will be a major axis of 3.89 x minor axis 1.31. Original size 3.035 x 1.286. Size from 1979 - 1983 - 3.48 x 1.187.
